What do YOU need as a Young Carer?

Researchers at Curtin University are conducting a study to find out what young carers need. We would like to hear from you if you are:

- Caring for someone or cared for someone in the last 6 months
- Between 15 and 25
- Able to read and communicate in English

Participating would mean:
An interview lasting around 45 minutes, where you will be able to tell us about your personal experience as a carer. This can be face to face or if this is not convenient a video call or via a telephone call.

Curtin University Human Research Ethics Committee (HREC) has approved this study (HREC number RDHS-161-15).
