PRE-APPRENTICESHIPS IN SCHOOLS

WHAT IS PAIS?

Pre-Apprenticeships in Schools (PAIS) is an innovative, one year 'transition to work' program designed to meet the specific needs of those students in Year 11 or Year 12 who are planning to pursue an apprenticeship as a post-school option. The program consists of three days in school and two days out of school.

The focus is on assisting students who wish to transition from school at the end of Year 11 or Year 12 to employment in either an apprenticeship or traineeship, or to continue with TAFE studies.

For three days a week, students work at Nagle to complete General Religion and Life, English and two other subjects. Students have two study periods a day (to catch up on work missed on a Thursday and Friday). It is recommended that students continue to study a General Mathematics course when completing Pre-Apprenticeships such as Electrotechnology or Automotive Servicing Technology.

For two days a week, students in Years 11 and 12 attend Central Regional TAFE to complete their Pre-Apprenticeship where they are taught by lecturers with relevant and current trade qualifications. Student will be linked to an employer for work placement to complete mandatory hours of work placement as nominated in the Western Australian Pre-Apprenticeship Program Business Rules 2020. These Certificate II programs have been nominated by Western Australian industry training councils as valid pathways from school to a traditional trade apprenticeship.

PLEASE NOTE

- Students are required to attend key school functions and events, even if they fall on TAFE days. These days will be specified at time of accepting a place on the program.
- Students must attend all designated days at TAFE. Failure to do so may put the student at risk of not completing or obtaining their qualification, which in turn makes a successful transition and obtaining a WACE.

INTERESTED IN PAIS?

1. SPEAK TO YOUR PARENTS/GUARDIANS ABOUT THE PROGRAM
